

WITNESS INTERVIEW TRANSCRIPT

Date: April 27, 2026

Location: Pine Ridge Trailhead, SLO County

Interviewing Officer: Deputy Chen

Interviewee: Michael Torres, 42, local hiker

STATEMENT:

At approximately 2:15 PM on Sunday I was descending the north trail when I encountered a man matching the description I was shown. He was wearing a faded blue jacket and dark gray pants and appeared to be in his late 60s or early 70s. He carried a small dark-coloured daypack and had no trekking poles. His footwear was trail runners rather than hiking boots.

I asked whether he was okay; he said he was fine but taking a slow pace. He mentioned heading to the upper meadow to watch the sunset — which concerned me because that location is at least two hours further and the afternoon was well advanced. He was alone and did not appear in distress at the time of contact.
